NSF Financial Conflict of Interest Disclosure Form

In accordance with the NSF Conflict of Interest Policies (NSF 16-1, Awards and Administration Guide, Chapter IV.A), each grantee organization employing more than fifty persons is required to maintain an appropriate written and enforced policy on conflict of interest and that all conflicts of interest for each award be managed, reduced or eliminated prior to the expenditure of the award funds.

The organizational conflict of interest policy requires that each investigator must disclose to a responsible representative of the organization all significant financial interests of the investigator (including those of the
